

BUILDING A NEW ECONOMY

Japan's digital and green transformation

Hugh WHITTAKER

12 June 2024 | 10:00 - 12:00 (Paris time) | Onsite and online
 Venue onsite: 16-18 rue Suger 75006 PARIS
 Registration: <https://forms.gle/AfHq52tez7imaYCy7>

This roundtable examines Hugh WHITTAKER's latest book, analyzing Japan's pursuit since 2015 of a new economy amidst demographic, energy and innovation challenges; ideally a balanced path between Big Tech dominance and overbearing state control. The book employs an evolutionary framework, tracing Japan's postwar model breakdown and new institutional emergence under the banners of 'Society 5.0' and 'new form of capitalism,' through 'controlled dis-equilibrium.'
