

Soichiro MINAMI

QUALIFICATIONS

- ◆ My Research Field: Environmental Economics (Climate Change, Air Pollution, Urban Amenity), Public Finance (Local Government, Social Common Capital), Transportation Policy (Law and Institution, Financial Resources, Public-Private Partnership, Universal Design, Regional Transportation Plan), Public Participation on Environmental and Transportation Policy.
- ◆ Interdisciplinary Research: with Traffic Engineer, Management of Technology, Law Scholar, Geographer, Environmental Engineer, Design Scholar etc.
- ◆ Language: French, English and Japanese.
- ◆ Management of International Workshop or Symposium.
- ◆ Co-Operation Research Project with Local Governments or NGO/NPO.
- ◆ Education Skill: Economics and Public Finance, Environmental Issue, English and French. I can teach by English.
- ◆ Design Skill for web site or Flyer, Panel (Adobe Illustrator and Photoshop).

EXPERIENCE

Policy Research Institute for Land, Infrastructure, Transport and Tourism, in Ministry of Land, Infrastructure, Transport and Tourism (MLIT), Tokyo 2020-Present

Research Officer

- ◆ Research for Revitalization and Rehabilitation of Local Public Transportation Systems.
- ◆ Research about MaaS (Mobility as a Service) in Japan and Overseas countries.
- ◆ Promotion of international exchange

Research and Development Initiative, Chuo University, Bunkyo, Tokyo

Assistant Professor (February 2019 – May 2020)

Visiting Researcher (April 2018 – January 2019, June 2020 – Present)

- ◆ Research for Revitalization and Rehabilitation of Rural Transportation at two municipalities (KOTOURA and NICHINAN) in Tottori Prefecture, founded by TOYOTA Mobility Found.
- ◆ Study about mobility in Consortium for Smart City in KASAMA City (Ibaraki Prefecture).
- ◆ Case Study for MaaS (Mobility as a Service) in Europe.
- ◆ Study for Improvement of mobility for disability persons and passengers reduced mobility, especially using MaaS Application.
- ◆ Study for Improvement of mobility by Plane for disability persons at Airport in Kansai Region, Founded by Kansai Airport Research Institute.
- ◆ Impact survey on tourism by Olympic and Paralympic game, in Franco-Japan joint research group consisted in 2 Japanese University (Chuo University and Yokohama City University) and some French Universities (Represented by Gustave Eiffel University), Founded by KAKENHI for Japanese Group.

FFJ-EHESS 2018-2019

FFJ/Valeo Fellow

- ♦ Research Theme is” Local Government and Innovation for Sustainable mobility: Policy, Role and Means”.

Researcher

- ♦ Research Theme: Electrification of Urban transport and Automobile in France, co-research with Ph.D. A. Faure, founded by TOYOTA.

Graduate School of Economics, Kyoto University, Kyoto 2016-2018

Assistant Professor

- ♦ Lecture for undergraduate “Introductory Exercises Seminar”
- ♦ Lecture for undergraduate “English in Economics” (Teach by English)
- ♦ Commentator in Research Group about Environmental Economics and Public Finance for Graduate Students
- ♦ Research of Fiscal System for Public Transportation, Sustainable Transportation Policy, Transportation Right and Ridesharing service.
- ♦ Study for Ridesharing service at Rural Area in Japan.
- ♦ Case study for autonomous minibus in Switzerland and France.

The College of International Relations, Ritsumeikan University, Kyoto 2017-2018

Part-time Lecturer

- ♦ Lecture for undergraduate “Environmental Economics”
- ♦ Lecture in Graduate School “Environmental Economics”
- ♦ Lecture in Graduate School “Globalization and Environmental Issues” (Teach by English)

Graduate School of Law and Politics, Osaka University, Toyonaka, Japan 2013-2016

Project Researcher

- ♦ Research in Green Access Project II “*Review of Legal Indicators for the Participation Principle in Environmental Matters – Promotion of an International Cooperation towards Strengthening the Environmental Democracy*” supported by KAKENHI, JSPS.
- ♦ Research in Green Access Project “*Cooperation Innovation for Sustainable Society –Implementation Measures of the 3 Aarhus Principles in Japan.*” supported by the Council for Science and Technology Policy -Government of Japan.
- ♦ Management Staff of International Workshop: “International Workshop on Environmental Issues and Public Participation”, March 7-10 2015, Toyonaka, Japan; “Towards an Effective Guarantee of the Green Access: Japan’s Achievements and Critical Points from a Global Perspective”, March 30-31 2013, Awaji Island, Japan.

Kyoto Tachibana University, Kyoto 2015-2017

Part-time Lecturer

- ◆ Lecture for undergraduate “Global Environmental Issues”

***Kyoto Prefectural University, Kyoto* 2015**

Part-time Lecturer

- ◆ Lecture for undergraduate “Environmental Economics”

***Faculty of Economics Kyoto University, Kyoto* 2014**

Part-time Lecturer

- ◆ Lecture for undergraduate “Reading French Material”

***The AOZORA Foundation, Osaka City, Japan* 2010-2013 (as a Main affiliation)**

Fellow

The AOZORA Foundation, its formal name is “Center of Redevelopment of Pollution-Damaged Areas”, is Environmental NPO. Main fields are Sustainable Transportation, Regional Environmental Restoration, Air Pollution, Traffic Nuisance, and Archive of Materials on Environmental Lawsuits.

- ◆ International Co-operation project about Air Pollution supported by Ministry of the Environment.
- ◆ Action Research for Public Participation in Environmental Policy.
- ◆ Project of Redevelopment of Pollution-Damaged Areas and protecting Air Pollution.
- ◆ Research of Fiscal System for Public Transportation, Sustainable Transportation Policy and Transportation Right.
- ◆ Organizing Workshop with Citizens, Officer and Academic about Sustainable Transport.

EDUCATION

Ph.D. in Economics, Kyoto University, Graduate School of Economics, Kyoto (2013).

Master of Economics, Kyoto University, Graduate School of Economics, Kyoto (2003).

Bachelor of Economics, Takasaki City University of Economics, Faculty of Economics, Takasaki (2001).

Studying at Robert Schuman University (Strasbourg, France), 2003-2004, by Scholarship of Renault Foundation.

List of Academic Achievements

Doctoral Thesis

Soichiro MINAMI “Sustainable urban transport policy in France –Finance resources and management of public transport- “, Graduate School of Economics of Kyoto University, Japan, March 2013, 132 Pages, Language: Japanese.
